Bayamón Central University
College of Graduate Studies
Masters in Rehabilitation Counseling

Vision
To become a program of excellence that strengthens and exalts the profession of Rehabilitation Counselor and to diversify the services available to people with disability.

Mission
The mission of the Program of Masters in Rehabilitation Counseling is to develop professionals with specialized knowledge in the field and with the necessary skills and attitudes to offer, coordinate and advocate for people with disabilities, so that they may achieve their personal, psychological and vocational goals thus facilitating their integration as active members of society.

Accreditation
The Masters in Rehabilitation Counseling Program began in March 2008 receiving its accreditation during the academic year 2011-2012 by the Council on Rehabilitation Education (CORE) for a period of eight years. The program has also been approved by the Puerto Rico Council of Education (PRCE).

Enrollment
As of February 2011, there is an enrollment of 47 students with partial or full credit load.

Graduates
13 students have completed the requirements of MRC.

Outcomes
Eight (8) students have taken the Puerto Rico Board of Licensed Rehabilitation Counselors with a passing rate of 100%. Of the eight (8) students passing the Board, 6 (75%) are currently employed with public and private agencies in and out of Puerto Rico.

The program received a scholarship proposal (Long Term Training) from the Rehabilitation Service Administration (RSA) of which 24 students can benefit. The proposal began in 2009 and ends in 2014.

The program constituted the Student Association of Masters in Rehabilitation Counseling. This association has developed a plan of action with activities promoting the profession and professional development.

The program has a highly competent faculty holding Doctoral Degree and previous experience in Rehabilitation Counseling.
